Subject:	Please Deny EnergySolutions' Import Application submission

Insert personal comments here : Office of the Secretary, U.S. Nuclear Regulatory Commission

Attention: Rulemaking and Adjudications

My urgent request is to deny EnergySolutions' request to import 20,000 tons of Italian nuclear waste into the U.S., part of which is considered for Utah. We don't want the waste from other states, much less from other countries. The public safety is at risk for the transportation and the storage.

I strongly urge the Commission to reject EnergySolutionns' application.
