OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Dear Sirs:

I live in Utah and grew up in Tooele County. The location of a company called Energy Solutions, which is trying to bring in waste, not only from the U.S., but now from Italy.

I am disappointed in Tooele County officials, in our state government for allowing nuclear waste to come to our state. Let other states and countries who produce it dispose of it! Utah is not the landfill for the world's waste and any decision to prove otherwise is unacceptable. Please register my objection and vote against this proposal.
