DOCKETED

February 20, 2008 (3:20pm)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

To:
The Nuclear Regulatory Commission
Washington, D.C., 20555-0001

To whom it may concern,

I am strongly apposed to the transportation and storage of foreign nuclear waste to the state of Utah. I have lived in this beautiful state all my live and I DO NOT want to see Utah become the dumping ground for the United States or for that matter the world. It may be very lucrative for the owners of Energy Solutions and the politicians that have been bought by them- it is not in the best interest of the people of Utah.

Please do not allow this to happen.

Thank you,

John Collins
