OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Dear Secretary,

I'm writing this letter to let you know that I am strongly against having nuclear waste come to Utah.

Years ago, we had atomic bomb tests performed in southern Utah. Even though we were assured that no harmful effects would come from this, I've had eight friends my same age suffer from breast cancer. "Just a coincidence," you say. I believe not. We were all about ten years old at the time of the tests and lived within one mile of each other in Salt Lake City.

Would you want nuclear waste in your state? I do not want it in my state either. Please do not allow nuclear waste into Utah.

Thank you,

Sincerely,

*Barbara Carr*
