

2-12-08

Park City, Utah

Dear Secretary,

(153)

I do not understand why we here in Utah must bury low level or any kind of nuclear waste in our state; especially waste coming from a foreign country. We have plenty of waste here already from the uranium mining that took place here.

Also, we had to endure the radiation from the nuclear testing in Nevada that flew over and endangered many of our people during that era.

Please, no ^{foreign} waste in Utah!!!

Sincerely,

Edlyn M. Richards
