Attn: Rulemaking and Adjudication Staff

Gentlemen:

37

I would like to submit the following letter regarding RADIOACTIVE WASTE FROM ITALY coming to Utah for storage.

As per the article in our local paper the Salt Lake Tribune that waste from Italy was coming into UTAH for storage....I am against this waste from Italy coming into our State and with the amount of waste being sent into Utah from places in the United States we in UTAH DO NOT BE LOOKED UPON AS THE GARAGE REPOSITORY OF THE WORLD.

So my statement..NO RADIOACTIVE WASTE FROM ITALY
