ADJUDICATIONS STAFF

February 15-2008

Secretary of U.S. Nuclear Regulatory
Commission Attn Rule making &
adjudication Staff:

Dear Sirs,

I am writing to you to express my
concern of dumping radioactive waste
from Italy, or any other country, in
Utah.

I have lived in Utah Salt Lake City Valley,
all of my 79 years, my children, grandchildren
& great grand children love to live here
without the fear of the toxicity that may
come from Radioactive waste.

No amount of Money that
Energy Solutions - can make is
worth the health of one person.
Thousands - of Utahans have fallen
Victims of Toxicity of Radioactive waste -
already. It is time to put a stop to
having Utah be a dumping ground
Please put a stop to accepting
waste from any country -

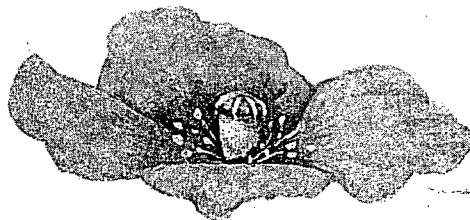

Thank you
