In our beautiful state, we are already known as the "Waste Dump" thanks to Energy Solutions' money which renamed the "Delta Center" in Salt Lake City where the Utah Jazz play basketball.

It is obscene to think the United States or Utah would ever consider accepting nuclear waste from Italy. Energy Solutions lacks conscience and will soon welcome the world's waste. Money is the only thing important to them. ~~We~~ Hate the fact that thirty six states are trying to deposit their waste in Utah.

Please, please stop this.

Sincerely,

Geraldine Scoocraft Holmes 801 399-2290
