Ref.: Request for Revision Request Documents
13-26609-01 (Amendment No. 3)

Dear Mr. Hueter,

This is a formal request for a full copy of the license revision request documentation, dated March 14, 2007, forwarded to your office by our RSO, Kelly Farmer. Your approval for these revisions is noted on Amendment 3 of our Materials License No. 13-26609-01 dated April 27, 2007.

I presently oversee the cement plant operation at Speed, Indiana and want to ensure I have all documentation relating to our Radioactive Material License on file. This revision request packet of March 2007, for some reason, is not available in my records or is filed incorrectly.

Please send the 70 page copy from your office to our address above. If there are any fees or costs associated with this request, I will forward upon request.

Should you have any questions regarding this request, please contact me directly. Plus, as we discussed on Feb. 13, 2008, you will be notified shortly of the RSO change at Speed as my job responsibilities have changed.

Best Regards,

Kelly L. Farmer
