Summary: Dr. Charlton called to confirm what was needed to satisfy our request for additional information. Regarding Item 1: She possesses the returned Letter of Credit amendments in her safe and will be able to send them back to the NRC. Regarding Item 2: She did not realize that a notary had to attest to the persons signing the Standby Trust Agreement. The person attesting to the document on the signature page was not a notary. I informed her that the notary does not need to be the one from the bank but could be a company notary or an independent one. Dr. Charlton stated that she would see to it that the requested items were completed.
