Subject: Letters of Credit Copies

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: I spoke with Dr. Charlton and informed her that the Letter of Credit and the amendments that she had sent me were not originals. The originals were sent to Barry Shainman and a CC was sent to her. Dr. Charlton stated that she was sorry for the mixup and that Mr. Shainman was no longer with the company. She would investigate the matter and determine if the originals could be found. I suggested that she contact Deutsch Bank and determine if they possessed any other originals if her search did not uncover the originals in company files. If all else fails, the licensee would need to draft a new letter of credit and the NRC would return copies of the original and amendments and the original of the Letter of Credit dated January 29, 2007, upon receipt of the new Letter of Credit.
