Hi Greg/Bill:

I am sending you two questions related to (1) Short Term Atmospheric Dispersion Estimates for Accident Releases (COLA Section: 2.3S.4.2.1.1), and (2) Local Meteorology (COLA Section 2.3S.2.4), to be discussed during the safety site audit scheduled for the week of March 24, 2008. The staff does not expect any written response for these questions at this time. However, if these questions are not resolved to the staff satisfaction, they may be turned into RAls.

Additionally, we are preparing staff's questions/concerns in the areas of Site Hazards, Hydrology, Meteorology & Climatology, and Geology and Seismology. I will share these questions with you during the week of March 10 for the discussion at the site audit.

If you have any questions or comments, please contact me.

Regards,  
Raj
