Insert personal comments here : Italy's nuclear waste to Utah? This sounds to me like you're probably trying to ship it back to the Navajo Reservation, in the Four Corners, or some other place in Utah, most likely a native place, with a lot of uranium mining going on. This sounds like the Global Nuclear Energy Partnership plan proposed by our Department of Energy, aka, nuclear weapons, in action. Meaning, let's go dump nuclear waste on the people who were poisoned by uranium mining at the beginning of the whole nuclear cycle. This is a disgrace. Don't do it.
