

Hostile Action-Based Drills: Industry Perspective

James Meister

Vice President – Operations Support

Exelon

Goal – Prepare for *ALL* Events

- ✓ Continuous improvement in readiness through drills and exercises
- ✓ Realistic drills
- ✓ Avoid anticipatory responses associated with pre-conditioning of participants
- ✓ Eliminate negative training

Industry Commitment

- ✓ NEI and the industry developed the standards and objectives
- ✓ NEI 06-04, provides the guidance to prepare responders for hostile based events
- ✓ Each licensee has committed to conduct a Hostile Action Drill during Phase III
- ✓ Tremendous effort and support demonstrated by off-site response agencies

Industry Experience – Key Lessons Learned

- ✓ Integrated decision-making between Security, Operations and Incident Command
- ✓ Pre-drill collaboration with Offsite Stakeholders in the planning, preparation, and implementation of the drill
- ✓ Station involvement in drill development
- ✓ Integrated communications between station, offsite responders, and emergency management
- ✓ Pre-Drill Tabletops
- ✓ Public Information

Challenge – Defining Preparedness

- ✓ Exercise performance using a variety of scenarios
- ✓ Annual program review
- ✓ Regional reviews of offsite plans & performance
- ✓ Regional technical assistance
- ✓ Response to real events
