ADDENDUM TO NRC STAFF'S RESPONSE TO COMMISSION
ORDER TO PROVIDE REFERENCE LIST AND VAUGHN INDEX

On February 13, 2008 the Nuclear Regulatory Commission (NRC) Staff filed its "Response to the Commission Order to Provide Reference List and *Vaughn* Index." The NRC Staff did not include in the *Vaughn* Index a Department of Homeland Security (DHS) document which it relied on in developing the "Supplement to the Environmental Assessment and Final Finding of No Significant Impact Related to the Construction and Operation of the Diablo Canyon Independent Spent Fuel Storage Installation" (Supplement EA). The document,

"Nuclear Reactors, Materials, and Waste Sector Critical Infrastructure and Key Resources Sector-Specific Plan as input to the National Infrastructure Protection Plan, May 2007."

was listed as Reference 4 in the Supplement EA. The Staff herein incorporates that document into the *Vaughn* Index, by reference, as withheld in its entirety. The NRC Staff must withhold the document because DHS is the originator of the document. See 10 C.F.R. § 9.25(i). DHS has provided guidance that information about obtaining the document directly from DHS is available at http://www.dhs.gov/xprevprot/programs/gc_1179866197607.shtm.

Respectfully submitted,

/RA/
