Mr. Meraj Rahimi
Office of Nuclear Material Safety and Safeguards
Division of Spent Fuel Storage and Transportation
U. S. Nuclear Regulatory Commission
Washington, DC 20555-0001

SUBJECT: Withdrawal Request of TRUPACT-III Payload Requirements Exemption (PREx)
Document, Docket No. 71-9305.

Reference: Letter, Gary L. Clark, Packaging Technology, Inc. to Director, Spent Fuel Project
Office, U. S. Nuclear Regulatory Commission, "Application for a Certificate of
Compliance for the TRUPACT-III Shipping Package, Revision 0, Docket No. 71-9305",
Document No. TP3(51199)GLC063007-SAR Submittal, dated June 30, 2007.

Dear Mr. Rahimi:

This letter is submitted to request the withdrawal of the "TRUPACT-III Payload Requirements
Exemption" (PREx) document that was submitted on June 30, 2007 as part of the Application for a
Certificate of Compliance for the TRUPACT-III Shipping Package, Revision 0, Docket No. 71-9305.

At this time, we believe it is in the best interests of Packaging Technology, Inc., and our
customer Washington TRU Solutions, LLC (WTS) to request the withdrawal of the PREx from
further review as part of the TRUPACT-III application at this time. Taking into consideration
that at this time our customer has several other important applications with Nuclear Regulatory
Commission (NRC) for review this request seems prudent. It is anticipated that the TRUPACT-
III PREx will be re-submitted for review to the NRC pending outcome of the anticipated Request
for Additional Information (RAI) for the TRUPACT-III package application.

Should you have any questions regarding this request, please contact me at (253) 552-1312, or
via E-mail (gary.clark@areva.com).

Very Truly Yours,
Packaging Technology, Inc.

Gary L. Clark, P.E.
TRUPACT-III Program Manager
