EnergySolutions
Docket No. 110057

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Subject: EnergySolutions' license application to import Italian waste.

Dear Sir or Madam,

As an employee working at the EnergySolutions Bear Creek facility in Oak Ridge, Tennessee, I am writing to you in strong support of our import license application. We have safely processed foreign materials at Bear Creek for, at least, the past 12 years. In fact, we are currently processing material from Canada that is very similar to the material we would be processing from Italy.

EnergySolutions' safety record in handling waste materials, meeting applicable license requirements, regulation, and state and federal law demonstrates its absolute commitment to environmental safety. The Bear Creek facility has received the National Safety Council's Perfect Record Award and is in the process of obtaining the Tennessee OSHA Voluntary Protection Programs Star status. I have no doubt in my mind that if the Commission grants the license application, EnergySolutions will continue meeting its high safety standards.

I strongly urge the Commission to approve this license request.

Sincerely,

Nathan L. Ensor
Security Dept. Lead-Bear Creek Ops.
