EnergySolutions  
Docket No. 110057

DOCKETED  
USNRC

February 28, 2008 (4:30pm)

OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

I have been an employee at the Bear Creek Facility in Oak Ridge for 16 years. I am writing to help support the license application to process waste from Italy. We have been safely processing foreign waste here at Bear Creek for at least 12 years now. Even now we are processing waste from Canada that is similar to the waste criteria we would receive from Italy.

EnergySolutions has demonstrated its commitment to environmental safety by its record with meeting applicable license requirements, regulations, material handling practices and abiding with state and federal laws. The Oak Ridge facility site has received the National Safety Council's Perfect Record Award and is in the process of obtaining the Tennessee OSHA Voluntary Protection Program Star status. I believe with all my heart that if the Commission grants the license application, EnergySolutions will continue to strive and succeed at meeting its high safety standards.

I strongly urge the Commission to approve the license request.

Sincerely,

Van Simmons
