SUBJECT: CARDIOLOGIC, LLC, LICENSE AMENDMENT, CONTROL NO. 141593

Dear Mr. McNally:

This refers to your license amendment request. Enclosed with this letter is the amended license.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U. S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

Please note that, as requested by your Radiation Safety Officer, Mr. James Fongheiser in a February 22, 2008 e-mail to me, we did not add Dr. Shanahan due to a lack of adequate information regarding his training and experience. We have added the location of use as requested in your letter dated January 9, 2008. As Mr. Fongheiser indicated, you may re-submit Dr. Shanahan's credentials with additional supporting information for review again at a later date.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).
