Subject: Re: RSO CHANGE REQUEST

Dr. Farooqui,

As you and I discussed before we amended the license, Dr. Lessig is not listed (and never was listed) as Radiation Safety Officer (RSO) of the license indicated in your 12/17/08 letter (Deborah Hospital, NRC Lic No 29-18190-01). He is listed as an authorized user (AU) on that license and that is what we used as the basis to name him as an AU on your license. If he is currently listed (or was formerly listed in the last 7 years) as the RSO on other NRC or Agreement State licenses, that information would be very useful when/if you seek to name him as RSO on your license. Amendment No. 1 to your license naming Dr. Lessig as an AU was sent to you on January 28, 2008 - I trust that you have received this amendment. Therefore, if you wish to name Dr. Lessig as your RSO, we will need a letter making that request along with what license he is currently or formerly listed as RSO on. Or we will need a preceptor form signed by your current RSO attesting that Dr. Lessig meets the qualifications to be the RSO on your license (NRC Form 313A-RSO, available at <<< <http://www.nrc.gov/reading-rm/doc-collections/forms/> >>>).

If you have further questions, please let me know.
