Ref: Your request for details of the use of this material

Dear Mrs. Johanson,

The Full Stream Elemental Analyzer is provided by Energy Technologies Inc. This system contains a Model DGA-410, dual gamma gauge provided by Energy Technologies Inc. under a General License and a Model EBA, neutron activation gauge provided by Thermo Fisher Scientific (formerly Analyzer Systems) under a Specific License. Energy Technologies Inc. (or other licensed contractor) will conduct all license activities involving the Model DGA-410 and Thermo Fisher Scientific (or other licensed contractor) will conduct all activities involving the Model EBA. If you have any further concerns or questions please contact me at 865-927-9330.

Sincerely,

Energy Technologies Inc.
