Al:

I was looking over the surety estimate. I see that EP3 construction, with makes up about 3.5 million in costs, has been eliminated. In light of the fact that EP3 has not been approved at this time and construction has not commenced, should the EP3 Pond 3 construction costs remain in the new cost estimate on page 11 of 23, \$3,355,500, \$15,000, and \$229,500, or similar costs for next year? If so, please send me a revised estimate.

Ron
