Subject: Importing nuclear waste to the U.S.

Please do not allow toxic, dangerous nuclear waste to be imported from the European community to be "dumped" in the U.S. It is outrageous that the States of N.C., UT, TN and others would be the repository for such hazardous materials. This is unbelievable. The european community has chosen to use nuclear power in a more prolific way than the U.S. So, why should the U.S. be the dumping ground for their waste?

This is terrible.

Please do not allow this importation to take place.

Thank you,
L.J. Adams
