Subject: No to waste from Italy

Dear Commissioners:

I would like to encourage you to say NO to license applications Nos. IW023 and XW013 (Federal Register Volume 73, Number 28, 2/11/08)

These would involve importing nuclear waste from Italy, which would set a very bad precedent. We don't want to become the world's dumping ground for nuclear waste. We have enough trouble maintaining public safety with our own wastes without adding more from other countries. Our capacity for longterm storage of nuclear wastes is already limited and questionable. To allow companies to bring in more waste from other countries is a mistake that we would be regretting for generations.

Just say NO.

Thank you for listening,

Kevin Kiefaber
