Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Insert personal comments here : I personally plan on living in Utah for the rest of my life. I am 32 years old and my wife is pregnant with our first child. I guarantee you that we will move out of Utah if the nuclear waste continues to come to Utah. Especially if we bring waste in from Italy or other foreign countries.

Is Energy Solutions not profitable enough? Do they really need to make themselves even more profitable and rich off our suffering?
