**Subject:** Regarding License Apps. IW023 and XW013

DOCKETED  
USNRC

March 5, 2008 (4:00pm)

**Dear Commissioners:**

OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

521

**Comment to the US Nuclear Regulatory Commission to say NO to License Applications Nos. IW023 and XW013 (Federal Register Volume 73, Number 28, 2/11/08):**

**This opens the doors (or the borders) to foreign radioactive waste coming in from around the world.**

**This would give a huge financial boost directly to EnergySolutions (and indirectly to other "processors") that routinely release radioactivity and use Tennessee (Dept of Env't and Conservation-TDEC) state licenses to release the waste from regulatory controls normally required for nuclear power waste. It facilitates dispersing nuclear waste in this country via Tennessee.**

**This would fill up existing (already-controversial) disposal capacity for the massive amounts of nuclear waste already generated by nuclear power and weapons in the US.**

Thank you,

Lana Morano
