Subject: No more nuclear waste

Please stop the importation of nuclear waste. Money is not everything; what is money without life and quality of life. I urge you to take a step back and think about this from an ecological perspective rather than a monetary one. To fairly assess such an issue think about what you would do if this were going to be put in YOUR backyard. We definitely need to figure out a solution for nuclear waste; but shipping one country's nuclear waste to another country is not a fair solution. We should all take responsibility for this issue and not let profit drive that responsibility.

Sincerely,
Tiffany Bjorlie
