I am witing to encourage all US Nuclear Regulatory Commission members to vote NO to license applications Nos. IW023 and XW013 (Fed. Register Vol. 73, #28, 2/11/08. The last thing in the world our country needs is to import nuclear waste to American disposal plants. The fact that disposal of nuclear waste is a serious problem should be confronted within our own country and by other countries, not ignored as though there are no significant consequences for the citizens of these countries.
