Subject: nuclear waste

No, NO, a THOUSAND TIMES NO!!! Please oppose with every fiber of your being the importation of nuclear wastes! We already have waste materials fouling our waters and our air. We certainly don't need to add to an already hazardous dilemma. And do we need to risk and Exxon Valdez type disaster at sea?

The only reason for approving nuclear waste importation is to further line the pockets of large business interests who will say anything to get the contracts.

PLEASE, I URGE YOU: SAY "NO!"

Thank you.
