Subject: IWO23 and XWO13

Dear NRC,

Please say NO to license applications IWO23 and XWO13 and extend time for hearings on them.

Many people do not want foreign nuclear wastes brought to America or processed in Tennessee, or the precedent that would set. We want energy solutions without a radioactive legacy and do not feel it is right for the US to be in the dirty business of foreign nuclear waste processing and disposal.

End production of nuclear weapons. Conserve energy, use clean renewable sources. No nuclear waste should be recycled or reformatted by any industry. All ionizing radiation is harmful, according to the National Academy of Science.

Sincerely,

Robert Parker
Captain Cook, Hawaii
