Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Insert personal comments here : Dear Office of the Secretary and Gov. Huntsman,

I'm writing to express my heartfelt opposition to EnergySolutions plans to import thousands of tons of nuclear waste into the U.S.

EnergySolutions states in its application that "the sources of this material are not fully known" and that some of the waste may be above allowable contamination for processing and disposal in Utah. The Commission should not agree to allow this import when the nature and hazards of this material remain unclear.

I strongly urge the Commission to reject the application submitted by EnergySolutions. Thank you.
