Subject: Denial of Federal license to import nuclear waste

Dear Mr. Secretary : It has come to my attention just this week that a company called "Energy Solutions" has applied for a Federal License to import nuclear waste, specifically from Italy. This would be to allow 20,000 tons, comprising one million cubic feet of nuclear waste. It was to be processed, transported and disposed of. Please say no to this license application. I am told this is titled IW023 and IW013 in Federal Register, Volume 73, No.28, dated 2/11/08. In my view of the fact that the nuclear waste being held at many generating stations in the U.S. cannot be "disposed of" due to no place to put, this is a particularly horrible proposal. Yours truly, P.H. Troxler, Dover, DE.
