Subject: foreign nuclear waste

Surely the United States is not poised to solve nuclear waste problems of foreign countries when we have no adequate solution for our own "low" and "medium" (?) nuclear waste!

This is a case where trying to be in "support of business interests" will backfire.

License applications number iw023 and xw013 (federal register vol. 73, number 28, 2-11-08) should not be granted.

Senator Debbie Stabenow
Representative Joe Knollenberg
