Thanks Mark for the clarification. You might consider contacting the EIA and having them correct. I first saw the change in status in last week's Fuel Cycle Week that referenced the EIA quarterly report.

Hello Ron,

1. There has been no construction at the Church Rock site.
2. We are waiting on a date for oral argument. The 10th Circuit ruling has not been issued.

I don't know where EIA got their information.

Mark:

I noticed in the EIA Official Gov't Stats, Domestic Uranium Production Report - Quarterly Data for the 4th Quarter 2007, released February 12, 2008, that HRI Church Rock is listed as "under construction". Can you give me an update on where you stand relative to starting construction? Has the Circuit Court issue been resolved?

Ron
