Subject: Withdrawal of Supplements to License Amendment Request (LAR) 9261-5 for HI-STAR 100 CoC

Dear Sir:

In Reference [3] Holtec submitted a License Amendment Request (LAR) 9261-5 for the HI-STAR 100 Certificate of Compliance. Reference [4] contained Holtec responses to a request for additional information (RAI) by the SFST staff. Subsequently, Holtec requested that the LAR be supplemented in Reference [5] and [6].

Staff informed Holtec that the changes requested in these supplements may influence the schedule of the LAR. Holtec herein requests the supplemental information provided in References [5] and [6] be withdrawn from the LAR submittal and that the current Staff schedule for review of the LAR which allows for a possible second round of RAIs continue forward.

Please contact us if you have any questions.

Sincerely,

Tammy Morin  
Project Manager, LAR 9261-5  
Acting Licensing Manager, Holtec International
