Subject: nuclear waste in Utah

This is a difficult letter to compose given that the proposal to store nuclear waste in Utah is so inherently illogical and dangerous a proposal. Surely those who consider this proposal are not thinking clearly or are blinded by considerations not in the best interest of Utah's citizens. Will citizen concerns even be heard or considered?

The transport of nuclear waste is a dangerous proposition under the current social-political circumstances, and its storage is dangerous under all foreseeable circumstances. Therefore, I vehemently oppose the transport of nuclear waste to and storage in Utah.
