**Based on your response during our telephone conversation on March 10, 2008, the option checked below applies to your request regarding use of licensed material under an NRC license:**

You have reviewed your current license and have determined that you need to maintain both an NRC license and a Commonwealth of Pennsylvania license. You therefore request that your existing NRC license be amended to remove authorization for use of material in the Commonwealth of Pennsylvania and authorize work activities only in non-Agreement States. In addition, you request that the NRC issue a new license for work activities only in the Commonwealth of Pennsylvania. You understand that your new license will then be transferred to the Commonwealth of Pennsylvania in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Pennsylvania. You further understand that you will be assessed annual fees to maintain both the NRC and Commonwealth of Pennsylvania licenses.

- You have reviewed your current license and no longer find it necessary for authorization to conduct licensed activities in NRC-regulated states, and therefore request that your existing NRC license be amended to authorize the use of material only in the Commonwealth of Pennsylvania. You request that this be effective on the date the Agreement between the NRC and the Commonwealth of Pennsylvania is signed. You understand that upon the effective date of the Agreement between the NRC and the Commonwealth of Pennsylvania, you will be licensed by the Commonwealth of Pennsylvania to conduct work at temporary job sites in the Commonwealth and as such, must file a NRC Form 241 (reciprocity) prior to performing any work in NRC jurisdictions (non-Agreement States) or in areas of Exclusive Federal Jurisdiction within an Agreement State.

**Additional Comments:** Contacted by Donna Janda on 3/10/08. She spoke with Larry Tonini who will fax in a request to remove the PA location of use from the license.
