Re: License No. 13-18845-01

To whom it may concern:

Please amend our license to add authorization for Y-90 microspheres as TheraSpheres with the TheraSphere dose delivery system to the authorizations for Seza A. Gulec, M.D. Dr. Gulec has obtained specific training in the TheraSpheres system as noted in the attached letter from MDS Nordion. The rest of Dr. Gulec's training and experience has been submitted previously.

If you have any questions, please feel free to contact us or our consultant, David Close at 440-350-1242.

Sincerely,

Clete Yoder
Vice President Hospital Operations

Dear Sir:

RE: TheraSphere, Y-90 Glass Microsphere Training, February 23, 2005

Seza A. Gulec, MD participated in a training program at Northwestern Memorial Hospital on the use of TheraSphere®, Yttrium 90 Glass Microspheres for the treatment of hepatocellular carcinoma, which was presented by MDS Nordion representatives on February 23, 2005. During the course of the training, Dr. Gulec participated in at least three procedures.

The training program included the following elements as they specifically relate to TheraSphere®: product description, principles of operation and therapeutic effect, patient selection, clinical outcomes, treatment planning, dosimetry, delivery system set-up, infusion techniques, radiation monitoring and safety procedures and clinical follow-up.

If you have any questions, please do not hesitate to contact me.

Yours sincerely,

MDS Nordion

Tom Burnett
 Global Marketing Director,
 SPECT & Radiotherapy
