Dear Dr. Dale Klein,

Re: Request for a meeting to discuss Yucca Mountain Licensing, Mixed Oxide Fuel and Hardened On-Site Storage

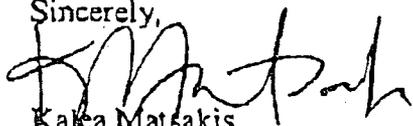

The Alliance for Nuclear Accountability (ANA) requests a meeting with you to discuss the issue of nuclear waste. In particular, the Yucca Mountain licensing process, Mixed Oxide Fuel programs, and the alternative of using Hardened On-Site Storage for waste disposal.

ANA is a network of 35 local, regional and national citizen groups. This meeting will be a part of our 20th annual DC Days, where citizen activists from around the country travel to Washington, DC. While here, they meet with key members of the Administration as well as their elected representatives in Congress in order to assist in monitoring the management, operation and impacts of nuclear facilities in this country.

This year our meeting dates are Monday, April 14 through Wednesday, April 16. We request an hour long meeting with you on one of these days. We generally have 5 to 8 people attend each meeting, representing various organizations and nuclear weapons sites around the country.

We look forward to meeting with you. I will be calling your office within the next few days to discuss setting up a meeting. Please feel free to call me at 202-544-0217 ext.181 or email me at kmatsakis@ananuclear.org if you have any questions.

Sincerely,

Kaja Matsakis
