FROM: Aaron T. McCraw, IMPEP Project Manager */RA/*

and Environmental Management Programs

SUBJECT: HEIGHTENED OVERSIGHT AND MONITORING CONFERENCE
CALL SUMMARIES

This memorandum transmits to the Management Review Board (MRB) the Heightened Oversight conference call summary for the February 13, 2008, call with Arkansas (Enclosure 1). To keep the MRB better informed of the status of Agreement State programs on Heightened Oversight and Monitoring, I will provide copies of the conference call summaries to the MRB for all future calls. Because two of the five MRB positions rotate from meeting to meeting, only the permanent members of the MRB will receive these summaries. Generally, these call summaries will not be discussed at MRB meetings, unless there is a significant issue that needs to be addressed by the MRB. If a significant issue is identified during a conference call, we will schedule a special MRB meeting to discuss the issue.

This memorandum will be briefly discussed at the next scheduled MRB.

If you have any questions regarding any of the Heightened Oversight or Monitoring conference call summaries or believe an issue should be discussed in an MRB meeting, please contact me at 301-415-1277.
