Docket No. 50-264
License No. R-108

This is to inform you of organizational changes for the Dow TRIGA Research Reactor. Effective March 10, 2008, Mr. Michael E. Buchmann will replace Mr. Ward L. Rigot as the facility director. This is an outcome of Mr. Rigot's retirement from Dow. In a related move, Dr. Siaka O. Yusuf will replace Mr. Rigot as reactor supervisor. Both Mr. Buchmann and Dr. Yusuf meet the requirements for these positions as described in ANSI/ANS 15.4-1988 Standard.

Additionally, Mr. Rigot will maintain his NRC Senior Reactor Operator's license.
