United States Atomic Energy Commission
Division of Materials Licensing
Washington, D.C. 20545

Attention: Mr. Donald A. Nussbaumer, Chief
Source and Special Nuclear
Materials Branch
Division of Materials Licensing

Gentlemen:

This letter is belatedly to acknowledge receipt of our special nuclear material license and to thank your Division for its advice and patience during the period of review of our application.

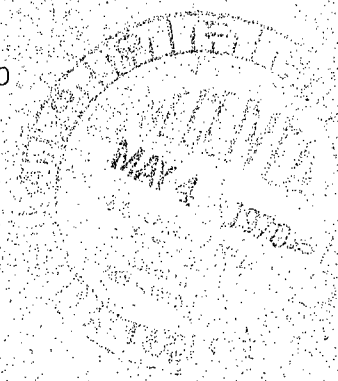

I wish, also, to advise you that Dr. Saul Isserow listed as our Criticality Officer in the license application, has terminated employment with Nuclear Metals. We have replaced Dr. Isserow with a consultant, Mr. Lincoln Clark. Dr. Allan Bufferd, our Director of Engineering, will act as technical liaison with Mr. Clark while I will maintain administrative liaison.

It goes without saying the duties of the Criticality Officer as spelled out in all parts of the license application will be covered under our new arrangement.

Very truly yours,

M. Albert Abreu
