## Are You Insured?

If not, why not insure now in the best and most reasonable insurance in existence.

In this machine age there are so many accidents happening every day. Many are unavoidable on your part on account of ice-covered streets and highways which cause skidding, and poor visibility and drunken drivers increase the toll of automobile accidents, making all forms of travel hazardous. You do not know when you start out that you will return. Many have started on foot and have been struck by a car which proved fatal. Practically all work is done now by machinery which makes it more dangerous even at work, and there are many that drop dead of heart trouble. Accident and disease are in the land. You know not the minute or hour it may overtake you. You can hardly pick up a paper without finding an account of someone being hurt or killed in an accident or dropping dead all of a sudden so WHY TAKE CHANCES?

There is no pathway of life where death may not be met any moment. There is no home from which the grim shadow of death can be shut out. The bloom of youth, the strength of manhood, the glory of age, all classes, the rich, the poor, the young, and the old are taken in the icy hand of death so DON'T DELAY, act today before it is too late.

There are many who have insurance to cover their temporal goods; house, lands, crops, automobile and to put them away and leave a little besides for the ones that are left behind.

This insurance company does not insure you against things that are perishable. It really insures your life. Other companies do not insure life at all; they only promise to give your friends a little money at your death. But this company really insures you against the second death by

giving you life eternal, John 3:36; 5:34; 6:37; 8:51.

Think how much more it will be worth in the hour of death to have the witness of the Spirit (Rom. 8:16) and how much more of a comfort it will be to the ones left to have the assurance that you are gone to be with Jesus. What a comfort it will be in the case of sickness or accident to know all of your sins are covered by the precious blood of the Lamb, and these everlasting riches of heaven can be secured with far more certainty than the perishable riches of the world (Matt. 6:19, 20). You may be insured in one of the largest insurance companies, but still they are liable to go bankrupt. However, when you are insured in the King's Insurance Co. by being born again, you can be sure that it will never go bankrupt for the silver and gold (Haggai 2:8) the cattle upon a thousand hills and the whole world are His (Psa. 50:10; 12).

But though you could accumulate all the silver and gold, it would not buy one passport to heaven. "For what shall it profit a man, if he shall gain the whole world, and lose his own soul?" Don't forget that death comes to the gay as well as to the feeble; the last opportunity to prepare for a safe departure out of this world comes to many, and they employ it only in doing their utmost to stay here as long as they can. Do not cast these words of warning and instruction aside for no doubt it will be the last warning to some. It may be you, and if so, what then? Where will you spend ETERNITY? Are you going to spend eternity in my Father's house where time never ends, where there will be peace, love, and rest throughout all eternity? John 14:1-4. Or will you choose that lake that burns with fire and brimstone? Rev. 20:15.

—Wayne Montgomery
