Mr. William S. Bivins, Chairman
Hydrology Committee
U.S. Nuclear Regulatory Commission
Hydrology Meteorology Branch
Washington, D.C. 20555

Dear Mr. Bivins:

As Claude H. Smith informed you in his November 12, 1980 letter, TVA has undergone serious budget cuts and subsequent reorganizations throughout several divisions. After thoroughly reviewing our reorganizations and determining appropriate employee participation in various committees, we are eager to again work with these groups in making worthwhile contributions to their effectiveness.

We offer our continued support and participation in the Hydrology Committee of the Water Resources Council. TVA's representative and alternate representative will be as follows:

Donald W. Newton, Member (Hydrology Committee)
Division of Water Resources
Tennessee Valley Authority
127 Liberty Building
Knoxville, Tennessee 37902
Phone: FTS 856-4451

Larry M. Richardson, Alternate (Hydrology Committee)
Division of Water Resources
Tennessee Valley Authority
131 Liberty Building
Knoxville, Tennessee 37902
Phone: FTS 856-4451

I note in Mr. Smith's November 12 letter that a replacement is also required for the Hydrologic Radio Frequency Work Group. A copy of the enclosed letter to Mr. Allen Flanders gives TVA's current representatives on this work group.

Please let me know if I can be of further assistance (FTS 856-6770).

Very truly yours,

TENNESSEE VALLEY AUTHORITY
