OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

To Whom it May Concern,

Regarding EnergySolutions' proposal to store Italy's radioactive waste material in our state of Utah in Tooele County, I want to protest!!!!!!!
I feel that anyone proposing nuclear power should be obligated to dispose of their waste within their own borders, whether it be a State or a Country.

Please deny EnergySolutions' request. We, the People, do not want it!

Thank you,

Carma Hendryx
