Re: Energy Solutions – Italian Waste

“IF YOU BUILD IT THEY WILL COME.” Would you want a nuclear garbage dump in YOUR backyard – just for the almighty dollar???

I don't think we should accept nuclear waste from abroad. Let the Italians build their own nuclear waste facility. Our dump in the west desert of Salt Lake City has limited capacity and the deal would set a dangerous precedent. We don't want it!

So please, be reasonable you guys and reject the licence!

Sincerely yours,
