 Docket No. 70-82

APR 3 1973

Nuclear Metals, Inc.  
 P. O. Box 125  
 West Concord, Massachusetts 01781

Gentlemen:

According to AEC records, we have not received a Material Status Report (Form AEC-742) for the report period ending December 31, 1972.

Each licensee who is authorized to possess at any one time and location special nuclear material in a quantity totaling more than 350 grams of contained uranium-235, uranium-233, or plutonium, or any combination thereof, is required by Section 70.53 to complete and submit to the AEC Material Status Reports as of June 30 and December 31 of each year in accordance with printed instructions for completing the form. These reports must be filed with the Commission within thirty (30) days after the end of the period covered by the report. The instructions for preparing the report require that the report be signed by the licensee if an individual, by a partner if the licensee is a partnership, or by an officer if the licensee is a corporation.

You are hereby requested to submit the required report to this office within ten (10) days of your receipt of this letter. You are also requested to inform us of the corrective steps taken to comply hereafter with the reporting requirements specified in Section 70.53.

Sincerely,

*15/* Donald F. Knuth
