**Subject:** RE: NRC License Relative to PA Becoming an Agreement State

Mr. Kottan

Please consider this email confirmation of the option identified in your email of March 24, 2008.

Malcolm Pirnie requests that our existing NRC license be amended to remove authorization for use of material in the Commonwealth of Pennsylvania and authorize work activities only in non-Agreement States. In addition, we request that the NRC issue a new license for work activities only in the Commonwealth of Pennsylvania. We understand that our new license will then be transferred to the Commonwealth of Pennsylvania in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Pennsylvania. We further understand that you will be assessed annual fees to maintain both the NRC and Commonwealth of Pennsylvania licenses.

We further request that I remain the RSO for the existing license, and that Charles R Beatty, Jr. (412-716-3701, cbeatty@pirnie.com ) be designated the RSO for the new license that will then be transferred to the Commonwealth of Pennsylvania in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Pennsylvania.

Lastly, the activity limits for our license, 100 mCi for Cs-137 and 500 mCi for Am-241 are correct.

Sincerely

Joseph (Joe) M. Golden, Jr., EMT-P, CET, CHMM, CBCP, RSO  
Homeland Security and Emergency Management

**Subject:** NRC License Relative to PA Becoming an Agreement State

Mr. Golden,

Regarding your license choice, notify me if this is incorrect. The choice is between having just a Pennsylvania license or both a Pennsylvania license and an NRC license.

Based on your response during our phone call on 3/17/08, the option below applies to your request regarding use of licensed material under an NRC license:

31-30226-01  
03033874  
142203  
-----  
31-30226-02  
03037729  
142204

You have reviewed your current license and have determined that you need to maintain both an NRC license and a Commonwealth of Pennsylvania license. You therefore request that your existing NRC license be amended to remove authorization for use of material in the Commonwealth of Pennsylvania and authorize work activities only in non-Agreement States. In addition, you request that the NRC issue a new license for work activities only in the Commonwealth of Pennsylvania. You understand that your new license will then be transferred to the Commonwealth of Pennsylvania in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Pennsylvania. You further understand that you will be assessed annual fees to maintain both the NRC and Commonwealth of Pennsylvania licenses.

Additionally, I requested that you provide activity limits for your license. You stated that the limits should be: 100 mCi for Cs-137 and 500 mCi for Am-241.

Any questions, let me know.

Best Regards,

James Kottan  
Regional State Agreements Officer
