

April 5, 1974

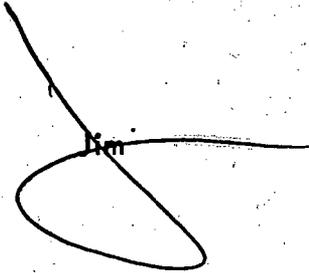

Note to File

Mr. Smith of Gadsby & Hannon, representing Nuclear Metals, called me on April 4, 1974. Mr. Smith was following up on the earlier conversation I had with Mr. Tuffin, President, Nuclear Metals. He wanted to clarify procedural aspects of the situation; he wanted to confirm that I would call Mr. Tuffin to allow him an opportunity to meet with us for a newly-phrased Phase 2 of our first Management Meeting.
