*I was informed by Barbara Fleming/NRC to send my email to you regarding a Freedom of Information Act Request.*

*The following details were sent to me from Anthony Kirkwood/NRC for this request:*

A license similar to the one you are requesting was recently issued to Supra Technologies. It contains documents that may help you in understanding what NRC requires in a license submission. You will need to request the license application in a Freedom of Information Act (FOIA) request. I believe a request for this information by another party is already being worked on as FOIA-2008-0139. You could obtain information on how to submit your request for the license application information via a FOIA from Barbara Fleming, 301-415-7292, e-mail [www.bff@nrc.gov](mailto:www.bff@nrc.gov). The basic license application reference is:
